

Alone we can do so little; together we can do so much!

THANKS for choosing to participate! We appreciate you!!
Thankyou for being a part of this collaborative mosaic.

PLEASE READ CAREFULLY!

In this document are four puzzle pieces. Please choose at least one to mosaic.
Each piece is within a 6 inch box. This is for consistency. Do **NOT** mosaic the background, **JUST** the inside of the puzzle piece. Outlines are **NOT** necessary. The pieces will not fit together with outlines, thanks.

Our color palette is: **primary colors: Red, Blue, Yellow, Green**

Please choose a color from the choices above to mosaic your puzzle piece.

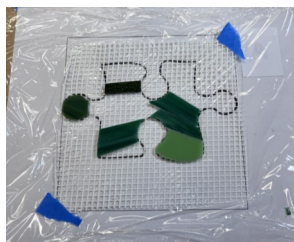

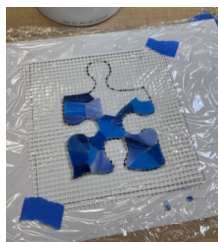

Please use one color per puzzle piece. All pieces can be any shade, hue or tone of the chosen color.

Print out the piece(es) you choose to mosaic. Cover the printed piece with plastic wrap. Place your mesh on top and tape the pieces so they don't move.

Mosaic your piece! Use white glue (Aleenes, Weldbond) to secure the glass pieces to the mesh. Please avoid transparent, semi-transparent glass—opaque is preferred. Stained glass is recommended, but any glass mosaic pieces should work.

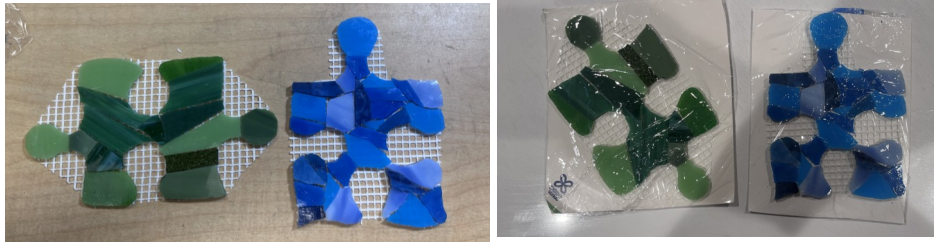

Remember: NO sharp pieces sticking up, keep all glass INSIDE the outline

DO NOT grout your pieces.

Next page ->>>>>>

When complete, please trim your mesh to the glass. Don't bother trying to cut exactly, we need to retain the integrity of the mesh. Place cardboard on the bottom (I used a paper plate) and wrap piece in plastic to keep the pieces in place. Your piece is now ready to mail or travel.

Thankyou for completing a piece for the 2024 SAMA Mosaic Marathon. Feel free to bring this along to the SAMA Conference in September.

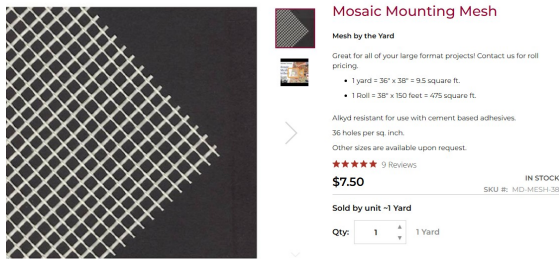

If you are not attending or simply want to send this on, please mail to:

Sue Majewski
